**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We desperately need competitive providers for broadband internet. It is critical especially to small business owners like myself. I'm a Psychotherapist that work with Deaf people using sign language. It is critical the we can talk on the VP - Video Phone. I was lucky at my home to be able to choose a small company Tekify which provides faster and better quality internet than ATT but my clients mostly don't have one choice other than AT&T or Infinity/Comcast which often malfunctions, because they are the monopoly in their area and customers have no choice.
